

## **JOANN BEAVERS**

Joann has had Australian Shepherds for over 40 years and PBGVs almost 20 years. She has actively shown in Conformation for over 30 years (sometimes successfully). Before her legs gave out, she finished fifteen dogs, five from Bred-By and put CDs on three dogs. She has also lost a contact lens on the down and back during a national specialty (give the dog to the steward, you and the judge look for the contact), lost a few articles of clothing while gaiting and fallen spectacularly on several occasions!

Joann has been an instructor in Conformation at Talbot Kennel Club for many years. She also assists in Family Dog classes and other classes when needed.
